*Nera Etwa- Divinity That Flows....*

### **Dear Guests,**

Welcome to Nera Etwa House, and thank you for choosing it as your well-deserved and eagerly awaited holiday destination.

My utmost hope is that your stay here will provide you with all the relaxation, rejuvenation, and joy you seek. Enclosed within this brochure, I'm thrilled to share with you the very best experiences this region has to offer. Each activity recommended has been personally explored and enjoyed by me, but above all, I've cherished the simple art of "dolce far niente" - the exquisite pleasure of being, fully immersed in the natural beauty that surrounds you.

They often describe my little haven as a house with a soul, and it's my deepest desire that you, too, feel this sentiment during your stay. My aspiration is that you uncover all you seek within these spaces, whether it be tranquility, adventure, or simply a moment of blissful solitude. If there are any additional queries that arise, please don't hesitate to reach out - a quick message on WhatsApp is all it takes.

Warmest Regards,  
Britt Sanja Jusic  
Nera Etwa House Owner

## TV

We don't advocate for television during your holiday, but rest assured, we have an array of programs to keep you entertained. We've curated a selection of quality DVDs for you to enjoy, and you can connect your laptop to our TV or projector for Netflix. Plus, outdoor cinema is available—just message us for instructions. And yes, you read that correctly outdoor cinema is an experience you can indulge in here :)

## AirCon

Our 100 years old house boasts thick stone walls that naturally regulate temperature, making air conditioning unnecessary on the ground and first floors. With the strategic use of shutters and stone, heat is kept out all day long, provided they're closed during daylight hours and opened in the evening. However, the attic may require an air conditioning unit, which can also cool down the living room if necessary. Rest assured, the ground floor maintains a perfect temperature at all times. Additionally, we provide two ventilators for added comfort.

## Please:

Enjoy your stay and treat the house with care, as if it were your own. Nera Etwa is a non-smoking property. If you plan to host a gathering, please be considerate of noise levels. When using the barbecue, exercise caution with fire safety. Being situated in a rural area, water pressure may occasionally fluctuate. While tap water is safe to drink, you may find its taste different from what you're accustomed to.

## How to:

### Music:

For dreamy vibes you can listen to the playlist made by my dear friend Nômadee

<https://open.spotify.com/playlist/1rIV5AbIXu2SRWc8xxv9eq>

Welcome to our nature-immersed abode, where you'll meet some of our wild neighbors, including curious insects, chirpy birds, and stealthy geckos. Don't be startled if you come across what appears to be a miniature snake—it's likely just a harmless lizard trying to blend in. And while we appreciate your enthusiasm for picnics, please keep crumbs to a minimum as our industrious ant squad is always on cleanup duty.

Now, let's talk about rain etiquette. If the heavens decide to shower us with blessings, do us a solid and cover the outdoor furniture. We promise it'll make your stay much more comfortable.

Ah, and how could we forget about our millipede friends? If you stumble upon one, resist the urge to play a game of "millipede squash." Trust us, you won't win—it's not a pleasant aroma. Instead, channel your inner space explorer and launch them as far away as possible. To infinity and beyond!

# The Pool

Step into luxury with our outdoor oasis—a haven for relaxation and rejuvenation during the summer season. Dive into our breathtaking saltwater infinity pool, where the larimar blue hues of the water will whisk you away to paradise.

Surrounded by lush greenery, this secluded retreat offers the utmost privacy as you bask in the sun or watch the sunset from our jacuzzi, seamlessly integrated into the pool.

And as the day comes to a close, there's no better place to unwind than in our tranquil outdoor haven.

Here are some important guidelines to ensure everyone's safety and enjoyment around the pool:

- No running or rough play around the pool.
- Avoid bringing glass containers near the pool.
- Do not dive in shallow areas.
- Always supervise children near the pool.
- Keep electrical appliances away from the pool.
- Avoid excessive alcohol consumption near the pool.
- Switch off the jacuzzi after use
- Switch off lights before going to bed
- Use robot if you need additional pool cleaning
- Have a lot of fun!
